Consulting Facilities

- Rooms for hire by health practitioners
- Modern, accessible, fully equipped

Established in 2003, Healthcare Now offers the ideal location for health professionals looking for additional consulting facilities which are outside their usual consulting area, and more convenient for their patients.

Modern, fully equipped and luxuriously appointed, we offer facilities that are amongst the best in the UK, easily accessible in the heart of Edinburgh's City Centre and Dunfermline in Fife.

Our consulting and counselling rooms are all tastefully furnished, creating a calm, comfortable and relaxed environment. Our spacious treatment rooms have been designed with both patient and practitioner requirements in mind. All have electrically operated beds, and are suitable for a range of treatments from acupuncture and massage, to physiotherapy, osteopathy and minor operations. Nursing support can be provided if required.

We also offer very competitive rates and flexible opening hours to suit your busy schedule.

Quite apart from these attributes, many of the consultants and health professionals who use our clinics have been attracted by the opportunity to become more independent and take ownership and interest in the
